Plans For Safety Center Go Ahead

Although the town meeting turned down a request for additional funds to build the new fire and police station complex, plans are going ahead to complete the job with the available money.

A special meeting of the selectmen was held Tuesday at 5 p.m. to consider the proposal made at town meeting by Selectman Sidney P. White that the building could be erected with the \$522,000 available from appropriations provided at town meetings previously.

Chairman Philip K. Allen said that he was confident White could do the job and Town Manager Richard J. Bowen reported that he talked at length with White during the afternoon and he, too, was confident the Public Safety Center would come into being.

The town manager suggested that a committee of seven be established to serve as a building

committee, headed by White.

The latter said that what he said at town meeting still stands: an architect can be selected, the job put out to bid and the building enclosed before the snow falls this coming winter.

White said that he wanted the board of selectmen to work as a "team" and said that he was not looking for any personal glory in the matter. He said he felt part of his reputation was on the line and he planned to come through on his promise.

"It will be a quality building that will last for many years," he said.

During Tuesday's meeting, the board agreed that Selectman Robert A. Watters should undertake a study of the new town office building which is scheduled to go up when the fire station comes

Hudson Bus Company May Provide Service To Area

Chairman Philip K. Allen and Member Roger W. Collins of the board of selectmen and Town Manager Richard J. Bowen were among a group of Greater Lawrence officials who held a conference on future bus service

Tuesday morning. The meeting was held in the Lawrence council chamber.

Chairman Allen reported on the matter at a special meeting of the selectmen later in the day.

He said that Kenneth Hudson, president of the Hudson Bus Lines was in attendance, and expressed interest in providing service in Greater Lawrence.

The meeting was told that the federal government approved a grant of \$35 million to the Metro-

Mrs. Thomas W. Nixon, 23 Vine St., of Priscilla Abbot Chapter, Daughters of the American Revolution, is a candidate for State Organizing Secretary of the DAR.

Election of officers will take place at the State Conference of the Massachusetts Daughters of the American Revolution which convenes at the Sheraton Plaza Hotel, Boston, March 19 and 20. Mrs. George S. Tolman, State Regent, will preside at the Conference.

Members of the League of Women Voters of Andover joined League members from all over the state to attend the hearing of the Judiciary Committee on Bill H3766, the bill to cut the size of the House of Representatives, on Monday, March 11. The hearing was held in the Gardner Auditorium at the State House.

The Andover delegation, led by Mrs. Joseph Podgorski, legislative chairman, included Mrs. Rudolph Morin, Mrs. Vartkes Shogian, Mrs. Christopher Sherman, Mrs. Carmen DiAdamo, Mrs. Linwood Hilton, Mrs. Lees Brown, Mrs. Donald Clapsaddle, Mrs. Wilson Neisser, Mrs. Alfred Kleider, Mrs. Lee VonDuyke, and Mrs. Dudley Fitts.

Two Andover residents were among a group of Internal Revenue Service Center employees here who received service pins Thursday morning.

Emerson McGrath, assistant chief of the Taxpayers Service Division, who resides at 89 Greenwood Rd., received a 25 year pin. An award for 15 years of service went to Joseph Bernard, 459R South Main St. The presentations were made by Director Norman E. Morrill.

Annual Meeting In 3rd Session

With two sessions completed and another due Monday night, Andover's 1968 town meeting has more than half of its business completed.

During a 9:30 a.m. to 5 p.m. opening day marathon Saturday and three and one-half hour meeting Monday night, the voters completed action on the budget and also on most of the money articles.

Still to be discussed are such things as zoning and street acceptances, items which can produce lengthy debate. The prospect is bright that the annual meeting will be concluded at one more session.

As the result of decisions made at the annual meeting, it is now probable that there will be a tax hike of between \$6.50 and \$7 when the final accounting is made.

Early in Saturday's session, an attempt was made to reduce the size of the salary increase granted by the selectmen to Town Manager

Richard J. Bowen. The voters rejected the move after considerable debate and after hearing from the manager that if the matter of his salary increase was "to be dragged over the town meeting floor" he could do without it.

The school budget approved during Saturday's deliberations was very close to that recommended by the Finance Commission. Some weeks ago Dr. Albert J. Greenberg, secretary of the FinCom told a school board meeting that he would take the budget up item by item at town meeting if reductions were not effected.

Dr. Richard A. Katz, newly elected chairman of the school committee spoke on the budget.

In answer to questions, he said the requests provided for a 10 percent wage increase for the superintendent of schools. He said that the increase this year of \$836,000 did not include funds for an additional assistant superintendent of schools.

Dr. Katz advised the meeting that the school committee was in the process of negotiating salaries with the teachers and mentioned that the time may not be far off when the town will have to provide funds for the employment of a professional negotiator to represent the town in collective bargaining proceedings.

The school board chairman advised that 82 percent of the school budget is for salaries. He also

Chamber Meeting March 28

The mid-year meeting of the Andover Chamber of Commerce Retail Division, scheduled for Monday evening at Andover Inn has been postponed until Thursday, March 28 because of the town meeting session due Monday.

At this meeting plans will be discussed for the downtown promotions coming up in the months ahead, including the very popular Sidewalk Bazaar.

In connection with this mid-year meeting, the Andover TOWNSMAN and the Lawrence Eagle-Tribune will sponsor a reception for the members prior to the dinner and business meeting.

mentioned that two-thirds of the children in Andover schools are bused to and from classes.

Although the discussion of the school budget was a lengthy one and brought a number of speakers to the floor, the debate was a calm one and reflected the restrained and businesslike manner in which Dr. Katz presented the school department's program.

In turning down Article 9 of the warrant, a request for more funds for town buildings, the meeting accepted the challenge of Selectman Sidney P. White that a Public

Safety Center on the Tye Rubber site can be built with available funds.

The meeting approved a million plus appropriation for a new West Andover sewer line, the money to be used when and if an industrial tenant is found for the area.

The appropriation, under Article 24 calls for providing by bond issue the sum of \$1,581,000 to construct a sewer line to link the industrial park area with the Lawrence sewer system.

At Monday night's session, there was much discussion on the proposal to purchase the Andover Playhouse property on Essex Street as a parking area and as a possible expansion site for the library.

The warrant called for an appropriation of \$85,000 for the purpose, but Samuel Resnik, owner of the parcel, offered to come down a bit in price to permit razing and grading of the area within the appro-

priation.

The Finance Committee advised against the purchase and during the debate, Chairman, David M. Thompson said that a poll taken by the members indicated a purchase price of about \$60,000 was the average which came up.

Despite pleas that future extension of the library might be at stake, that downtown shoppers needed more parking space, and that the cost of purchasing the site some years hence might be much higher, the meeting voted down the appropriation.

Voting by secret ballot, the voters agreed 614 to 7 to join the Greater Lawrence Pollution Abatement District.

On Saturday, attendance was set at 888, while on Monday a total of 783 men and women were checked in.

When Monday night's session suspended until Monday, March 18 at 7:30 p.m. in Memorial Auditorium, a total of 46 Articles in the regular warrant and six in the supplementary warrant had been considered.

The action taken on the various items was as follows:

Coloring your hair gives a lift to your looks, personality, mood, and ego. But often, half the fun of it is taken away by worry. You worry if you're making a mistake. You worry that it won't turn out the way you want it. First, select the color you like, and pick a shade of it you think would be best for you. Then, "live with it" for two days. In other words, you should see yourself with the new color for more than five or ten minutes you may have held a hairpiece next to your face. The best method of living with a color is borrowing (from a friend or hairdresser) a hairpiece or wig in the desired color. The next step is going to a professional salon that specializes in hair coloring. Your worries will be over. There will be no need for worrying when you rely on the coloring technique offered at CAPILO HAIR STYLISTS, 2 Riverina Rd. Tel. 475-1639. Cutting... Coloring... Permanents... Styling. We use the new coloring machine... reduces process time to minutes. Open Daily 9-6. Fri. 9-8.

Red Cross To Decorate Windows

Andover merchants have agreed to donate window space for various periods through March for displays in connection with Red Cross month.

Mrs. Joseph J. Tavern, chairman of the Andover Chapter, American Red Cross, wishes to express the appreciation of the chapter to the merchants for their generosity and cooperation in this effort. The displays, depicting various phases of the Red Cross program said Mrs. Tavern, point up the readiness of the Red Cross to be of service in the midst of every day associations in community life.

Parker Series Lecture March 24

On Sunday, March 24 at 3 p.m. at Lowell Memorial Auditorium, the Moses Greely Parker Series will present for its next program an illustrated lecture, "Nantucket and Isles of the Whalers". This program is offered by William McCrea, who, last year, opened the series with "Travel in Europe in Your Own Car", an illustrated lecture, very well received by a large audience.

McCrea holds degrees from St. Joseph's College in Indiana, and from MIT, having majored in science and journalism. While at MIT, McCrea served as president of the Engineering Society and received several awards for his technical papers. Upon completion of his studies at MIT, he was assigned to a technical exchange program in England by the United States Engineering Society.

Later, upon invitation from MIT authorities, McCrea delivered several technical papers before the

Society Academy of Sciences. While in Russia he gathered material for his first documentary film, "A Second Tale of Two Cities - Moscow and Berlin". He has worked for General Electric and has served as scientific consultant for the Boeing Company, figuring prominently in the development of the jet powered helicopter.

Married and making his home in Boston, McCrea is familiar with Nantucket and the surrounding Whalers' Isles, having visited these on many occasions, beside filming them, and has devoted much time to research of historic material connected with these famed islands.

The Tuesday night show at Memorial Hall Library, March 19 at 7:30 p.m., is a double bill of satire and comedy. The comedy, "Days and Thrills of Laughter," the satire, "The History of the Cinema."

"The History of the Cinema" is only nine minutes of color but in this short time it shows the major developments of the moving picture from the first glimmer to the film we know today. This is a gay survey done for fun by Halas and Batchelor.

Lenten Reading

Books on the existing beliefs of mankind are on display in the Main reading room at Memorial Hall Library. One group called "Are you running with?" contains titles of moment to thoughtful young adults. Authors selected for this display are favorites as determined by several opinion polls, including Gandhi, Thoreau, Tolstoy, Ideals for today's world are such a personal matter that the Lenten reading ranges widely through Bible commentary, books of prayers, the major faiths and religions of the world, both Eastern and Western, philosophical and psychological bases for belief.

Psychologist To Speak Here On March 25

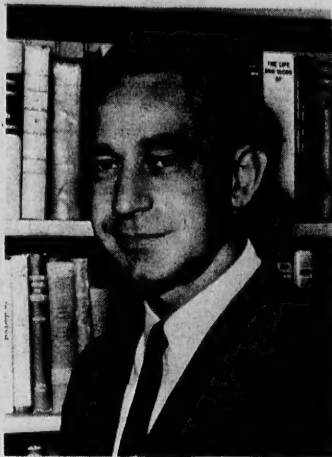

The Merrimack Valley District of Children's Protective Services of M.S.P.C.C. will present an evening with Dr. Haim G. Ginott, internationally known child psychologist and television personality, on Monday, March 25, at 8 p.m. in George Washington Hall, Phillips Academy.

The presentation is in conjunction with the agency's 90th anniversary. Dr. Ginott, author of the best seller, "Between Parent & Child; New Solutions to Old Problems", will speak on the subject, "How To Drive Your Children Sane", in which he will explore his new language, "Childrenese", which is fast becoming known as the only way to speak with children.

Dr. Ginott is often seen on television (The Today Show, etc.) by millions of viewers, giving sound advice to worried parents.

A graduate of Columbia University, Dr. Ginott is an adjunct associate professor in the New York University Graduate Department of Psychology. He also serves as a consultant to a number of mental health centers in New York, New Jersey and Connecticut. His book, "Group Psychotherapy with Children", was translated into several languages, including Japanese.

Dr. Ginott was formerly Chief Clinical Psychologist at the Child Guidance Clinic in Jacksonville, Fla., and Supervisor of Training in Clinical Psychology for the

Dr. Haim G. Ginott

Florida Council on Training and Research in Mental Health. In 1964 and 1965 he made extended visits to Israel, serving as a United Nations expert in child psychotherapy and parent guidance.

Dr. Ginott has conducted workshops in child psychotherapy, group psychotherapy, and parent guidance in the United States, Europe and Israel. He has published numerous papers on these subjects in addition to his books. A member of the American Psychological Association, the American Group Psychotherapy Association, and the American Academy of Psychotherapists, he ranks as the outstanding authority in his field today.

Reservations can be made by contacting the agency office or Mrs. Julius Kay, anniversary chairwoman; Mrs. Robert J. Hyde, president of the Lawrence branch board; Miss Miriam G. Demers, Dean Webster, William E. Moriarty, Mrs. Harry Axelrod, Mrs. Donald Thompson, Mrs. John M. McCoy, Miss Dikie Thiras, Mrs. Jack A. Kyger or Stafford Lindsay.

ANNUAL CO-OP BUSINESS (& Social) MEETING -

Next Wednesday evening, March 20, a unique event takes place in Andover. It is the annual business meeting of the Andover Consumers Co-Operative.

Coming only a few days after the Town's annual business meeting, the CO-OP's meeting will do in the sphere of consumer economics what the town meeting does in the area of self-government.

One (but not the only) unique quality of this busy corporation is that it dignifies and enhances the role of the individual by giving to each shareholder a single vote regardless of his financial stake in the business. This is democratic capitalism in action.

This meeting will be as human as it is democratic. At the G.L. Regional Vocational Technical High School on River Road next Wednesday evening, sociability and good nourishment will be graciously combined with the serious business of the Co-Operative to demonstrate that we are sociable consumers as well as business capitalists. The dinner will begin promptly at 7 o'clock, and a tour of the new school building will begin at 6:15 for all interested. Tickets for the Roast Beef dinner (\$1.50) are for sale at the store and must be purchased by the close of business, March 16th.

Consumption Of Milk Drops

The diet of American families deteriorated in the 10-year period from 1955-1965, according to US Secretary of Agriculture Orville L. Freeman, and decreased use of milk and milk products was one of the principal reasons.

According to U. S. Agriculture Dept. studies, the number of Americans having good diets dropped from 60 percent to 50 percent, and decline in milk con-

sumption was a major factor. Freeman stated that the trend must be stopped and then reversed. "To have a poorly nourished citizenry at a time when the United States carries such heavy world responsibilities could have grave consequences. This would be particularly unfortunate when we enjoy both agricultural abundance and affluence - when our principal problem is to use well what we have."

Volkswagen introduces the automatic stick shift.

After to these many years our humble little bug has gone automatic. Gone is the clutch. Gone is the wifely whine, "It's cute, but I can't drive it." Gone is an era of Volkswagenism. Sniff. And in its place? A Volkswagen you can drive all over town without shifting. Only on the highway do you shift. Once. (This is an economy move. Which, after all, is still the name of the game.) But you do have a choice in the matter: you can drive it the easy way (described above). Or you can start out in low and take it through the gears like a regular stick shift. The automatic stick shift is an option; you pay a little more. But you do a little less.

Council Of Churches Speaks On Civil Disorders Report

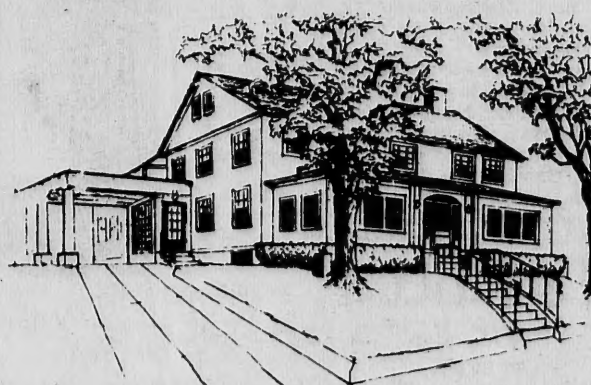

The report of the President's National Advisory Commission on the subject of race, released recently, has been recommended as "required reading for Lent" by the Massachusetts Council of Churches.

Boston's Episcopal Bishop Anson Phelps Stokes, speaking as chairman of the Council of Churches' racial commission, told reporters, "Our spiritual reading need not be out of the Bible; a spiritual and moral crisis has been presented to us all by an arm of the government."

The U. S. Government's 10-member commission, which included Boston's Sen. Edward Brooke and New York's Mayor John Lindsay, warned Thursday that the nation is moving toward

two societies, "separate and unequal, one white and one black," and said the movement toward an American apartheid can be reversed, but the hour is late.

Bishop Stokes warned that law and order are based on justice and understanding, on communication and opportunity, and not on police power alone. The report shows, he said, that white society has failed or fallen far short in each of these areas. He commented that the most important recommendation of the report was the call for a drastic reshaping of white attitudes and actions. He insisted that what lies ahead will be costly, painful and must be immediate, but that the alternatives would be even worse.

The Butterflies made it five straight last week as they downed the Sweepers 52-47, forcing the Brooms into a battle for fourth place with the Hornets. The stingers, meanwhile, were held to the short end of a 29-23 score against the Pick-Ups.

Both the Hornets and Sweepers were involved in a four way tie going into last week's games, and having lost, met in an extra contest

Converse Appoints Davis As Foreman

Sumner F. Davis Jr., a supervisor in the pattern department at Converse Rubber Co. in Malden, since August 1966, has been promoted to foreman of that department. He succeeds John Meredith who recently retired.

Shortly after his graduation from Andover High School in 1956, Davis joined Tyer Rubber as an Apprentice Pattern Maker. He remained in the pattern making department for five years until completion of his apprenticeship. In 1961, when Tyer became a wholly-owned subsidiary of Converse, Davis was transferred to the company's Malden plant. Davis, an avid golfer and hunter, attended the evening division of Lowell Technological Institute. He studied Industrial Engineering at that school for two years.

Davis and his wife, the former Joan Amaral of Billerica, have three children. They are: Kevin, Cheryl and Linda. They reside at 20 Florence St. Davis is a native of Andover.

Monday evening to determine the fourth and final play-off spot.

In that action, the Hornets showed signs of regaining their earlier form. Concentrating on a firm defense and effective outside shooting, they were able to force the Sweepers into a catch-up situation that never quite materialized. The Hornets down 7-11 after first period action, started the second quarter with 10 straight points and held a strong lead until the final whistle showed 42-31 on the score board.

In other action last Thursday, Dick Marciano's Strobes set the winless Yellowbirds down in a decisive, 62-24 one-sided affair.

Play-offs begin at South School this Thursday. The Butterflies will play the Strobes in the first game followed by the Pick-up and Hornets game. These will be the first in a best of three series with the two winners meeting in a best of five game finals.

Town Meeting

Voters of the town are taking a few days rest from the chore of acting on the many articles in the annual warrant.

Considerable progress has been made at the two sessions already completed. A third chapter comes up Monday night.

Those attending town meeting have moved along slowly and cautiously in their deliberations. It is evident that no one wants an unbearable hike in the tax rate.

The meeting gave strong support Monday night to the expenditure, if needed, of \$1,581,000 for the installation of a sewer line into the West Andover Industrial Park.

Town Manager Richard J. Bowen explained that the money would not be expended "until we have a nice fat bird in our hand."

He was referring to an industrial "fat bird" which will locate in the town.

The manager said that the action on the sewer line had nothing to do with the Raytheon Company's plans to build or not to build.

"No industry has an obligation to build; we've got to work to bring them here," he told the gathering.

Support for the sewer line was unanimous on the part of town officials. On another matter Monday night — acquisition of the Andover Playhouse property — officialdom was divided. The manager and the selectmen favored the purchase while the Finance Committee was opposed.

This article generated a lot of oratory both in favor and in opposition to the purchase. The meeting was told that the land was needed to protect Memorial Hall library, that it was a good investment as a downtown parking lot for the accommodation of shoppers. A suggestion was made that the building be renovated for use by the town.

But when arguments were made that the price was too high and that needed services in the town should be provided before the money was spent on the theatre property, the FinCom's stand was upheld. The backers were unable to get the required two-third vote and the meeting moved on to the next article.

That's the way this year's meeting is progressing. Nothing very spectacular. But it is evident that the voters are taking a good long look at every one of the issues.

Andover Stands Out

Andover came up smelling like roses in the second annual audit report of the Registry of Motor Vehicles on the No-Fix Traffic Citation System released this week by Registrar Richard E. McLaughlin.

This was the second full year of operation under the state-wide tamperproof ticket system for moving violations.

"I urge local authorities to read these detailed records very carefully. I ask them to compare these great disparities in enforcement as between comparable, neighboring communities," McLaughlin advised when he released the audit.

A comparison of the figures for the Greater Lawrence area shows that Andover alone had an increase in the number of No-Fix tickets issued during the year. The other communities were all down from 1966.

The registrar's report shows that there was a state-wide gain of 10.6 percent in the total number of tickets issued in 1967 over 1966. McLaughlin finds this figure misleading.

"This appears on the surface to be a healthy increase and fairly well in line with our increasing vehicle and driver population. Actually, however, the 10 percent increase was achieved by the City of Boston Police, the

MDC, the State Police and the Registry," he points out.

He could have said that the Andover Police Department helped out, too.

Andover had an increase of 10.3 percent in No-Fix ticket citations during the year. Police issued 886 tickets in 1967 as compared to 803 during the first year of the system's operation.

The neighboring communities didn't do so well.

Lawrence was down 34.5 percent, Methuen was off 14.1 percent and North Andover showed 24.1 percent less activity than in the previous year.

Andover more than held its own by comparison with other communities in the 10,000 to 25,000 population bracket.

This category showed an increase of 5.7 percent in the issuance of No-Fix tickets as compared to 1966. Andover's percentage was much higher than the average.

At the Lawrence District court, the jurisdiction in which Andover prosecutes its complaints, a total of 1,707 citations were entered for the year. The registry record shows that 43 complaints were denied during the year, this being 2.5 percent of all of the complaints.

Andover's record is reassuring. It shows that the police are on the lookout for traffic offenders and are trying to make the highways safer places on which to travel.

Nature's Ways

It's Maple Syrup Time Again

This is the season when red squirrels lick the drip from broken twigs of the sugar maple.

The very same season, indeed, when New England farmers — and many suburbanites — drive spiles into the sugar maple's trunk for the annual 40-to-1 shot that they can collect the ingredients for a gallon of maple syrup.

That 40-to-1 equation stands as a rough ratio for the amount of sap necessary to produce one unit of syrup. In other words, forty gallons of sap boil down to one gallon of syrup.

Actually, since sugar maple sap can test out as high as two and a half percent sugar, one really should be down to solid sugar at a 40-to-1 ratio, but it doesn't seem to work out that way.

Things have changed some in the woods since the days when Grandpa bored a hole with an augur and inserted a hallowed length of sumac limb for a spile. In this age of plastics, serious milkers of sugar bush have rigged all kinds of labor-saving devices to expedite the transfer of sap from tree to boiler.

Sugar maples, however, keep on holding up their end of production in the same old mysterious ways. Somehow, they change the starch stored last summer into this

spring's sugar sap. And, as they have since the days that Indians harvested the crop, the maples hoard their most productive periods for that series of days when a spring sun warms their tops and the bitter chill of winter cools them each night.

Sugar is an ingredient of many tree saps, but none has the immense proportion of tasty sugar that the sugar maple has evolved. A misplaced New Englander with whom I associated at the edge of the Great Plains spent several springs tapping the ash-leaved maple, known there as the box elder. He could boil the sap down to a syrup. But, the syrup never was mistaken for maple syrup.

The sugar maple is one of those versatile trees which is as valuable for its summer shade and autumn beauty as for its spring sap. It can become a gigantic tree, in crowded woods where growing space is mainly upward, sugar maples may tower as high as 130 feet. When growing alone, it tends to spread its massive crown. An ancient sugar maple, known as the Crocker Maple, shades an immense area at the Massachusetts Audubon Society's Wachusett Meadows Wildlife Sanctuary in Princeton. In its summer glory, the Crocker Maple

appears from a distance to be a whole grove of maple trees.

One sometimes hears an argument over whether tapping a sugar maple injures the tree. Apparently tapping has little effect when judged by a human time scale. But, a tree surgeon occasionally treats the Crocker Maple — and his surgery usually occurs on rotted wood that has developed where spiles were inserted many years ago. Perhaps a sugar maple, like the rest of us, must pay in old age for the excesses of youth. But, in the sugar maple the reckoning comes very late, for the tree may live 300 years.

Nature Classes

Two classes, "Field Natural History" and "Introduction to the Seashore" will be offered for adults at the Ipswich River Sanctuary, Perkins Row, Topsfield, beginning Tuesday, March 19, 10-11:30 a.m., land and aquatic plants and animals will be studied with Miss Ivy LeMon on the Sanctuary grounds and during field trips to other areas. For eight sessions the fee is \$15 for non-members and \$7.50 for members of the Massachusetts Audubon Society. Enrollment is limited.

What Our Readers Say-

To the Editor of the TOWNSMAN

Four main articles on the front page of our daily newspaper (Stars and Stripes; March 8) dealt with tragedy. On the bottom part of the page encased in color (orange today) was the delightful article, "Our Town As the Kids See It."

On second glance, well my gosh the story originated in Andover, Mass.

Here we are in Germany, Hahn Air Base to be exact. Our daily newspaper, "The Stars and Stripes" is read, I believe, by every American family stationed in Europe.

So thank you Andover, Mass. for a most delightful article and most especially to we native Andoverites a delicious "taste of home."

From the family of
T/Sgt. C. R. Wetterburg

Mrs. Sarah Frazer Robbins of East Gloucester will present "Introduction to the Seashore" on three Saturdays, 9-12 noon beginning May 4. Animals and plant life along the beaches and in the tide pools of the rocks will be identified, investigated and explained. This is an unusual opportunity to increase your understanding of these life forms.

DOLLS AND BOOKS are displayed at Memorial Hall Library. The dolls were dressed by Mrs. Edith Smith. The books on the lower shelf are some of her favorites. A picture of Mrs. Smith is pinned to the back of the display case.

Mrs. Smith's Dolls Displayed

Mrs. Edith Smith's dolls and some books she loves to re-read are displayed to the right of the main entrance of Memorial Hall Library. Her taste runs to nineteenth century fiction classics which are still as popular today among teen-agers and the young at heart as they were when they rolled off the presses.

The exhibit features dolls Mrs. Smith has dressed for the young girls in her family over a period of 35 years. Her hobby has grown from dressing a McGuffey Ann for a granddaughter to making and dressing Raggedy Andys and Raggedy Anns for her great grandchildren. She became 88 in February and is enthusiastically engaged in recreating Alice in Wonderland and all the figures in this lovely classic. She reports that the animals are done now.

The doll exhibit will continue through April 5.

Mrs. Smith was born in Chatham, England, Feb. 12, 1880. She came to this country in 1897 and settled in Attleboro, where she married Harry W. Smith in 1901.

Andover Mermaids Set YW Records

The girls' teams of the Lawrence YW-YMCA swim teams are finishing up a successful winter of swimming, with Andover girls placing in every meet and breaking some records.

Joyce Milligan established three new records for the A girls by winning the 100-yd. butterfly in 1:40.4, the 100-yd. backstroke in 1:11.7 and the 100-yd. breaststroke in 1:22.3.

Claudia Cronin followed her with three second places in the 200-yd. individual medley, the 100-yd. freestyle and the 400-yd. freestyle. Kathy White was fourth in the 100-yd. breaststroke with 1:28.8 and fifth in the 200-yd. individual medley.

For the C girls, Kimberly Gower set a district record in the 60-yd. breaststroke. Susan White was first in the 50-yd. butterfly and third in the 50-yd. freestyle.

Patty Healy and Sandra Healy swam on the third-place 200-yd. freestyle relay team and Kim Gower, Nancy Retelle and Mary Dustin were members of the fourth place 200-yd. medley relay team.

The D girls (10 and under) finished second at a Salem meet; the D girls (12 and under) were fourth at Lawrence, while the A girls (18 and under) came in second place at Danvers.

Mary Dustin was the outstanding swimmer for the D's, breaking a record in the 20-yd. butterfly and taking second place in the 20-yd. backstroke. Sandra Healy was second in the 20-yd. freestyle and third in the 80-yd. freestyle.

The 80-yd. medley relay team of Nancy White, Ellen Wilde and Lynn Parker was second, and the 80-yd. freestyle relay also took second place. Andover swimmers

on this team were Nancy White and Lynn Parker.

One remaining championship meet remains, for the 14-and-under girls. After this, a few girls will be selected to go on to the New England Championships.

'Early Houses' Speaker's Topic

Abbott Lowell Cummings, Assistant Director for the Society for the Preservation of New England Antiquities, will speak on "Early Houses of Essex County Interpreted in Light of their English Antecedents" at the Thursday, March 21 meeting of the Andover Historical Society. The meeting will be held at 8 p.m. at the Amos Blanchard House, 97 Main St. Mr. Cummings is a nationally known authority on early architecture of New England and a leader in the field of restoration and preservation of early buildings. He is the author of several books and numerous articles and is well-known as a lecturer. Mr. Cummings' extensive research into many aspects of early architecture is of particular merit.

Members are urged to bring guests. The public is invited to attend.

Rep. Hurrell Withdraws From Contest

Rep. James P. Hurrell, (D-North Andover), has withdrawn his candidacy for the Democratic State Committee in the 4th Essex Senatorial District.

Hurrell stated that due to the

increased number of commitments to his constituency in his district he feels that it would be an injustice to the voters to seek any further office at this time.

Hurrell further pointed out that due to the great amount of confusion created by the redistricting of Essex County and the possibility of this plan going to court he feels any candidacy at this time would be premature.

Miss Julie Corner Will Marry Andover Man

Mrs. Douglas Corner Jr. of Los Angeles, Calif., announces the engagement of her daughter, Miss Julie Elizabeth Corner, to Mr. Robert Whittemore Sides Jr., son of Mr. and Mrs. Robert W. Sides Hidden Field.

Miss Corner, daughter also of the late Mr. Corner, was graduated from Westlake School for Girls, Los Angeles, Calif., and Pine Manor Junior College. In June she will have completed her studies at the University of Denver. She is the granddaughter of Mr. and Mrs. Sanford Wendel of Los Angeles, Calif., and the late Mr. and Mrs. Douglas Corner of Beverly Hills, Calif.

Mr. Sides was graduated from Phillips Academy and attended Yale University, where he was a member of Delta Kappa Epsilon. He was graduated from the University of Denver in 1966 and in June expects to receive a master's degree in Finance from the Graduate division, Denver University College of Business Administration. Grandson of Mrs. Fred G. Boyce Jr. of Baltimore, Md., and the late Mr. Boyce and of Mr. W. Nerman Sides of Portsmouth, N. H. and the late Mrs. Sides, the former Edith Whittemore of Boston, Mr. Sides is a member of the Coast Guard Reserve.

A July wedding is planned.

Women's Guild Demonstration

On Tuesday the Women's Guild of the Ballard Vale United Church will present a meat cutting demonstration. It will start at 8 p.m. in the Fellowship Hall following the regular business meeting at 7:30.

A professional meat-cutter will demonstrate how the meat is cut, explain the advantage of each cut and indicate how it can be prepared for eating.

Interested persons are invited. Light refreshments will be served at the close of the meeting.

Janet Ann Seamans

Engagement Announced

Mr. and Mrs. Russell B. Seamans, 468 Lowell St., announce the engagement of their daughter Janet Ann, to Norman Scott Wallace, son of Mr. and Mrs. Thomas R. Wallace, 102 Summer St.

Miss Seamans, a graduate of Andover High School, is employed by the Andover Companies, Shawshen.

Mr. Wallace, also a graduate of Andover High School, is a co-op student at Northeastern University, Boston, presently employed by Converse Rubber Company in Malden.

No date has been set for the wedding.

Board Regrets Doherty Article

The Andover School Committee has sent identical letters of apology to Robert McIntyre, chairman of the High School Building Committee and Town Manager Richard J. Bowen for the article about the High school playfields appearing in the March issue of "Your Schools". The School Committee's letter said that the letter represents the personal viewpoint of the writer, not the School Committee and should not have been published in "Your Schools."

Successful Season For Andover Teams

Andover High School boys finished off a highly successful winter season in gymnastics, track and hockey. The boys gymnastics team took their sixth state championship in the past seven years, the winter track team won its end-of-season area conference against seven different schools, and the hockey team took second place in its conference to qualify for the play-offs. After winning their first game in the play-offs, the Andover pucksters lost to Xavier High School, last Saturday.

The boys gymnastics team boasts three state individual champions: Richard Roy, still rings; Peter Wojkins, side horse and Richard Hatch, parallel bars.

State champions on the winter track team are Gregory Markham, who won the high jump at 6' 4-1/2 inches, and the winning sprint relay team of Joseph Broderick, Van Debose, David Paulekas and Joseph Doherty.

WINS NUMERALS

Eric H. A. Whyte son of the Rev. and Mrs. James R. Whyte of Phillips Academy, a junior at Mount Hermon School, was awarded junior varsity numerals for his participation on this year's basketball team.

Administrative Changes At Academy

Headmaster John M. Kemper recently announced a series of new administrative appointments to the staff of Phillips Academy.

Frederick A. Peterson has been named as Director of Research and Evaluation, a position which was suggested in the report of the faculty steering committee to implement the communication of information to the faculty concerning research in the field of education.

He will also use psychological, statistical, and sociological methods to continue the investigation of the Academy's functioning in areas which the steering committee report stressed. Peterson is currently instructor in English at P.A., and is in his third year as Director of the Summer Session.

Dr. Ronn N. Minne, instructor in chemistry, will succeed Peterson as Director of the Summer Session, effective Sept. 1. He has served the Academy as head of the Bureau of Self-Help and has taught in the Academy's summer program for two years.

Frederick Johnson, instructor in archaeology at the Peabody Museum, will succeed Douglas S. Byers as chairman of the department and Director of the museum. Byers retires in June after 35 years of service to the Academy.

Art instructor August Jaccaci was named as assistant to the Director of College Placement. He will continue teaching in the art department while carrying on his new responsibilities.

William S. Graham, instructor in mathematics and excusing officer of the academy will succeed Kenneth S. Minard as assistant dean of students.

BUSINESS PROFILES**All Ready To Go**

Balmy weather and vacation time will be here before you know it, so why not trade your old car now and enjoy spring and summer driving in a beautiful new Dodge. Manzi Auto Sales, Inc., located at 10 Carver Street at South Broadway and Merrimack Street in Lawrence, has a complete selection of models on display. You'll see how easy it can be to get Dodge Fever when you see the beautiful Monaco series, the Polaras, Coronets, Darts and Chargers. Manzi has 60 or 70 new cars on hand at all times, so you may choose from a large selection of models. Or if you prefer, you may order your new Dodge to your own specifications. All new Dodge cars carry a five year or 50,000 mile guarantee.

Dodge says there may be better looking cars, but not yet; there may be more exciting machines, but not on wheels! And you'll agree when you see the '68 line and succumb to Dodge Fever. The Monaco is a car with quiet authority, comfort and elegant taste.

For example, the Monaco wagon is a car that you can take hunting in the morning and drive to the country club at night. The Dodge Dart, America's best selling compact, has many new styling touches this year. The Dodge Charger, a full-sized fastback, is distinctive and debonair. The Polaras features all new beauty, and the Coronets, in hard-top and soft-top models, have an unusually long list of standard items.

Dr. E.S. Miller Regional Chairman

Dr. Edward S. Miller of Andover has been named regional chairman for Merrimack Valley in the Tufts University School of Dental Medicine's Development program.

The Tufts Dental Program to build the new \$12 million school opened in the fall of 1967. A head-start of a \$5.8 million matching grant was provided by the U. S. Department of Health, Education and Welfare. It is part of a \$72.5 million Tufts-New England Medical Center construction and expansion program in Boston's South Cove area.

Dr. Miller attended Tufts University and was graduated from its School of Dental Medicine, with honors, in 1956. His military service was with the United States Air Force in 1958 and 1959.

He is an instructor in the graduate orthodontic department at Tufts University School of Dental Medicine, a member of the American Dental Association and the American Association of Orthodontists, is secretary of the Tufts Association of Orthodontists and a member of Omicron Kappa Upsilon.

Dr. Miller lives with his wife and two children at 17 Sunset Rock Rd., and maintains an office at 15 Central St.

Students On Honor Roll

Seven hundred and twenty students, more than one-fifth of the student body, earned places on the Dean's List for the first semester to set an academic record at Salem State College.

The high number of students earning academic honors is the result of the growth of the college both in numbers and quality of applicants, according to Dean James A. Sullivan.

Dr. Sullivan said the honors list includes all students with averages of 3.0 points or better. The 3.0 average is equivalent to "B". The top quality point is 4.0 equivalent to "A".

From Andover are: seniors - Joseph Bernardin, 49 School St., liberal arts mathematics; juniors - Donald Hayes, 72 Sunset Rock Rd., liberal arts history, Bonnie Lundgren, 18 Elm St., business administration; freshman - Helen Auchterlonie, 76 Red Spring Rd., elementary social studies.

PLANS

Watters made a strong plea for completion of the new building at the town meeting. An article calling for the sum of \$25,000 for repairs to the present town hall was cut to \$10,000, an indication that the voters are convinced a new building is not too far off.

The selectmen agreed that planning of the new Public Safety Center would not begin until all of the town meeting business has been completed.

politan Boston Transit Authority (MBTA) Tuesday. Of this sum, \$6 million will be used to purchase the Eastern Mass. St. Rwy. Co. which operates Greater Lawrence bus service. The deal will be consummated before April 1.

The MBTA will continue to provide area service but will charge each community for any losses sustained in the operation. If a private carrier is secured for Andover and surrounding communities, the MBTA service would be abandoned.

One of the key factors in obtaining a private carrier is the acquisition of the Boston-Lawrence run of the Eastern Mass. which picks up passengers in all four communities. This run is a well paying one and the profits help defray the losses from some of the local runs.

Hudson promised city and town officials Tuesday that he would prepare a prospectus and have it ready for another conference which will probably be held on March 26.

Purchase of the Eastern Mass. by the MBTA will result in a pay increase for employees of that firm. Their wage scales will be brought up to those paid to transit workers on the MBTA. The Eastern Mass. operators had threatened a strike some weeks ago, but sale of the line will obviate that threat.

Cronin Files Conservation Bill

Representative Paul W. Cronin (R-Andover) has announced that he has petitioned the House Rules Committee for the admittance of a Constitutional amendment which he refers to as a "Conservation Bill of Rights."

The two paragraph amendment endorsed by the National Audubon Society "manifests the principle that a citizen has a right to natural beauty and an unspoiled environment - a right as basic to human dignity and the public welfare as freedom of speech and due process of law. Further, it declares that protection of natural resources is a duty of government."

Cronin stated that he is cognizant that some statutes refer vaguely to certain conservation principles and that Massachusetts leads virtually all the other states in the preservation of natural resources. However, Cronin believes that it is now time to delineate these principles in our Constitution. "The

impact of this amendment will be felt a hundred years from now when successive generations will be calling for the residential and industrial development of lands that we are now attempting to preserve by statute." The law maker's amendments states that conserved land can not be disposed of "except by law enacted by two successive regular sessions of the Legislature."

The proposed legislation states: Article XLIX of the Articles of Amendment to the Constitution is hereby annulled and the following is adopted in place thereof: - The policy of the commonwealth shall be to conserve and protect its natural resources and scenic beauty and encourage the development and improvement of its agricultural lands for the production of food and other agricultural products. The general court, in implementing this policy,

shall include adequate provision for the abatement of air and water pollution and of excessive and unnecessary noise, the protection of agricultural lands, wetlands and shorelines, and the development and regulation of water resources.

The general court shall further provide for the acquisition of lands and waters, including improvements thereon and any interest therein, and the dedication of properties so acquired or now owned, which because of their natural beauty, wilderness character, or geological, ecological or historical significance, shall be preserved and administered for the use and enjoyment of the people. Properties so dedicated shall constitute the commonwealth nature and historical preserve and they shall not be taken or otherwise disposed of except by law enacted by two successive regular sessions of the general court.

Vietnam Film Shown To Group

The film "Vietnam: How Did We Get In? How Can We Get Out?" was shown at the regular monthly meeting of the Greater Lawrence Citizens Against the War in Vietnam Wednesday evening at the Memorial Hall Library.

The picture was filmed by CBS correspondent David Schoenbrun who was the only American correspondent to witness the defeat of France at Dien Bien Phu and also was present at the 1954 Geneva Conference. Mr. Schoenbrun recently returned from a six week trip to Hanoi at the invitation of Ho Chi Minh.

In the film Mr. Schoenbrun traced the history of the war which

he says "started two decades ago when Ho, then an American ally and a dedicated Communist revolutionary, led his countrymen in a fight for Vietnamese freedom against French colonialism." Mr. Schoenbrun feels that Ho is still leading a fight for Vietnamese nationalism and that "an honorable settlement based on self-determination of the people of Vietnam can be reached if the bombings are halted, de-escalation is started and the basic principles of the Geneva accord are accepted.

Mr. Schoenbrun is a professor of Asian History at Columbia University.

Funds Sought For Open Land

The North Andover Conservation Commission is developing a plan for future purchases of land and development of conservation land in the town, and hopes to follow Andover's lead in establishing a Conservation Fund at their town meeting this Saturday. Members of the commission hope the two towns can coordinate their conservation planning.

Five thousand is being sought through article 34 of North Andover's warrant for the Conservation Fund, to purchase land fitting into the Commission's plan. The Commission plans to request a similar amount each year.

Officials state that the greatest needs are to develop open lands in the mid-section and older parts of town, where they will be most available for use by the townspeople for recreation and enjoyment, and to provide open spaces between housing developments. They say this tends to create a feeling of neighborhoods in developments which adds to property values and attracts both industry and prospective residents.

Completion of the Conservation

Commission's plan and filing it with the Department of Natural Resources will make North Andover eligible for state and federal assistance amounting to 75 percent of the purchase price of lands. Conservation officials point out that the \$5000 sought this year could result in purchase of \$20,000 worth of lands.

District Will Have Seedlings

The Essex Conservation District will offer a new service to county residents this spring. For the first time, a variety of seedlings and transplant trees will be available for sale to homeowners and landowners in small units at low prices.

The varieties available in seedlings and transplants include Scotch Pine, Norway Spruce, White Spruce, Balsam Fir, Colorado Blue Spruce, and White Pine. For game food and wildlife cover White Dogwood seedlings are available.

The deadline for orders is April 1, 1968. Supplies of stock are limited, and orders will be filled on a first-come-first-served basis. Prices of seedlings are \$5.00 for 25, \$8.00 for 50 and \$13.00 for 100 trees.

Summer Jobs For Students

Benjamin C. Adams, Commissioner of the New Hampshire Department of Employment Security, announced that his agency is currently recruiting college students to fill summer jobs in the resort areas of New Hampshire.

"We have been receiving requests from New Hampshire resort employers and summer camp operators for the past two months," Adams reports. "The openings are principally for chefs, cooks, waiters, waitresses, clerks, camp counselors, instructors, lifeguards, kitchen helpers, chambermaids and housemen."

The Department maintains full time resort placement units at its Laconia Office to serve the Lakes and Mountains Region and at Portsmouth for the Seacoast Area. An additional seasonal office is opened late in May each year at Hampton Beach.

"Presently, Matthew Kristl of the Laconia Office, James Mahoney of Portsmouth, and Donald L. Bosworth of Concord are completing a schedule of visits to New Hampshire colleges to interview and register students desiring referral to summer jobs in the New Hampshire resort areas," Mr. Adams said. "Included in the schedule are Franklin Pierce, Belknap, Plymouth State, Keene State, Dartmouth, Nathaniel Hawthorne, Rivier, Mount St. Mary, St. Anselm's, Notre Dame, New England College and the University of New Hampshire."

Mr. Adams suggests that college students interested in summer employment at New Hampshire resorts should contact their respective College Placement Directors or the nearest local Employment Security Office.

ANDOVER HIGH school officials attended a Health Education Institute Session at Salem State College. Left to right, Paul Hopkins, building supervisor, G. Arthur Danford, science department chairman; Dr. James Dykens, first assistant commissioner State Dept. of Mental Health, guest lecturer; Charles Adams, assistant to the principal, and Wilbury Hixon, social studies chairman.

Math League Team Wins

The intermediate Math League team of the combined Andover Junior High Schools traveled to Chelmsford recently to compete in the fourth contest of the year. The team was successful in taking first place for the event, followed by North Reading and Chelmsford.

High individual honors went to Miss Janis Tomlinson, daughter of Mr. and Mrs. John Tomlinson of Tobey Ln., for a perfect score in her categories. The Andover team has a record of three wins out of four in their division with one contest remaining. Other team members participating were Robert Barry, Patricia Morin, Margaret Romeo, Louis Galbiati, and Elizabeth Harrison of the East Junior High. Robyn Bodenrader, Douglas Critchlow, Raymond Petzold and Stuart Malis of the West Junior High. Alternates were East - Mary Lou Caffrey, Julie Gilbert and David Pagonis. West alternates, Jane Korwalk and Cris Maietta.

Eye Screening Program For Children

The Andona Society, for the third consecutive year will sponsor a program by the Massachusetts Society for the Prevention of Blindness, Inc. to conduct a free eye screening program to detect children afflicted with an eye condition called amblyopia.

This disorder results in the loss of vision in an eye that otherwise appears normal. In most cases, amblyopia may be corrected if detected before the ages of five or six.

For pre-school youngsters this vision screening can be fun. They learn the "E" game complete with "magic shoes" and a "topsy-turvy table". On page 44 of the 1967 Annual Town Report there are pictures showing how the children are prepared for this program. If a youngster's performance gives evidence of a possible vision difficulty the parents are notified of the need for the child to have a complete eye examination. Often otherwise unknown vision problems, not necessarily amblyopia, have been caught by the referral examination.

The screening will be done at South Church on April 1 between the hours of 1 and 5 p.m. and again on April 2 between 9 a.m. and 1 p.m. There is no charge.

Mental health centers must be built in locations readily accessible to the people, Dr. James W. Dykens, first assistant commissioner, State Dept. of Mental Health, has told students in the Health Education Institute at Salem State College.

The Institute's weekly sessions are co-sponsored by the college and the Florida Citrus Commission.

Dr. Dykens, who also is assistant professor of psychiatry at Boston University School of Medicine, said that the "balance can be tipped" and mentally ill persons returned to health if they are reached at the time of crisis.

He said that at this point they are receptive to help and a smaller force is needed to assist them.

Dr. Dykens said that these are times of great stress with demands for change, civil rights and mental health services.

Mental health programs, he said are aimed at mobilizing forces for human growth, helping people grow up emotionally, promoting love, trying to lower defense mechanisms, and trying to get people to be flexible and creative instead of rigid and opinionated.

ATTEND ALUMNI DINNER

Robert E. Mallard, 8 George St., Ernest Hall, 43 Chester St., and George Carroll, 361 North Main St., are among 100 head and class agents who will attend the Wentworth Institute Alumni dinner Friday at the college to kick-off a fund-raising campaign.

West School Plans Approved

The School Committee has accepted unanimously new preliminary plans for the West School addition which were presented at a special meeting Thursday evening.

The new plans, delivered that day by Architect Frank Crimp, represent a compromise between Building Committee desire to cut costs by merging cafeteria and auditorium and School Committee insistence that an 800 pupil school needs the separate auditorium for large group education. New plans have separate auditorium and cafeteria.

AHS Girls Gym Team Is Winner

The undefeated Andover High School girl gymnasts won the Massachusetts State Girls' meet on Saturday at Burlington High School, to top off a season of seven straight victories.

The Andover girls defeated five teams in the state to win the state championship for the third year in a row.

Diane Chalifour and Karen Kirk were the top winners for Andover. Diane won the balance beam event and placed second in free exercise, while Karen Kirk placed second in both the vaulting and uneven parallel bars events. Jane Mizell took third place on the trampoline.

Adding to Andover's 65.75 total were teammates Heather Buchan, Pat Dauber, Denise Drazy and Linda Sagaser. The seven girls were picked from the champion-

ship team to represent Andover against Weymouth which placed second with 62.10 points, King Philip, third with 61.35 points, Minnechaug, Bridgewater-Raynham and Burlington, who hosted the meet.
